

## **SESSION 6 PARKINSONS DISEASE & MOVEMENT DISORDER SOCIETY: NELLORE (PDMDS Nellore)**

**Date: 18.08.2018**

**Venue: Axon Neuro Care Centre, Ramamurthy Nagar,  
Nellore.**

### **Session: Speech Therapy**

Under guidance of: Dr. Bindu Menon

Coordinator: Ms Deepa Ramalingam 9963665543

Physiotherapist: Dr. Shalini 9642211600

Another most important therapy for the PWPs is a speech Therapy.

One of the main symptom that affects PWPs are non clearance in speech. With the lack of emotions in their face, lack of clarity in their speech PWPs limits their talking in public or with others.

Dr. Bindu Menon made a visit during the session and enquired all the PWPs about their learning and practice in their daily schedule. Also explained the importance of these sessions to the PWPs.
